

Kekaha

Kekaha means “the place.” It’s also an old-time plantation town, near Waimea Bay, on the south shore of Kauai. The perfect name for the newest addition to our Plantation Series homes.

The simple layout harks back to simple times. A wide lanai warmly greets guests and empties into a large shared living room, dining room and kitchen. Its functionality works to help make your housework simple too with a convenient indoor laundry area right in back of the kitchen. But when you’re pau hana, there’s plenty of room to unwind in the spacious master bedroom complete with master bath and walk-in closet. An easy place to call your own.
