

3 BEDROOM / 2 1/2 BATH

Maluhia

Maluhia means "peaceful" or "restful." This luxurious home is designed with relaxation in mind. You enter through double doors and a spacious foyer. The house offers many of the features people want today – a generous master suite apart from the other bedrooms, plenty of entertaining space, a large kitchen that puts the family chef at the heart of the action, and a study to let you lock out the world and get things done. The master bath has his and her sinks, while adjacent to the other two bedrooms are a full bath and a half bath. Your family will love it!
