

EXCLUSIVE COLLECTION

cabinets stocked and assembled locally

HPM Building Supply is proud to be the only authorized dealer in Hawai'i for this cabinet collection, assembled locally by HPM. Built with durable plywood construction and a limited lifetime warranty, these cabinets bring a fresh, trend forward look to any room in your home.

Choose from two door styles, Forte and Chic, in colors like Clay and Nightfall that are setting the tone for today's kitchens and baths. Threespine® Technology based construction means a clean finish with no visible screws, and a faster, simpler build from box to install.
