## Description

You'll love coming home to the Kamole, a ranch-style, three-bedroom home which features a master suite with a private lanai separate from the main area of the house. The main area of the house includes two bedrooms, a full bathroom, an efficient kitchen layout and spacious living and dining area with its own lanai.

## Design Features

- Open floor plan for gathering and flexible living
- Separate master bedroom with full bath, walk-in closet and private covered lanai
- Generously sized bedrooms
- Covered lanai and front entry for comfortable outdoor living
- Roofline with a gable end at the main section of the house keep your future addition or extension top of mind
- Weather-protected laundry area
- Extra garage storage to keep outdoor activities, supplies and equipment organized
- Simple footprint eases construction, saving time and labor
